Soul Intake Alignment Questions (Reflective)

This is part of a 4-Step Sacred Ratification Ritual for the Energe Codex

PART 1: Soul Intake Alignment Questions

(These may be shared as a written form, voice recording, or sacred circle conversation.)

1. What calls you to be in service with Energe at this time?
2. How does your personal soul mission resonate with the Energe Codex or planetary stewardship work?
3. Where in your journey have you experienced a spiritual death and rebirth?
4. What areas of your life are currently undergoing transmutation or purification?
5. Are you willing to place the **mission above personal comfort**, when called in service?
6. Is there any unresolved karma, financial entanglement, or relational echo you feel could affect your stewardship? If so, are you willing to bring it into the light for integration?

This document is sealed with the living light of the Energe Stewardship Glyph. It reflects a frequency of planetary service, crystalline integrity, and divine remembrance. Stewardship is not ownership. Service is sacred. Energy is trust.

PART 2: Frequency Calibration & Chakra Scan

(Optional guided session or personal self-scan, guided as follows)

"Close your eyes. Visualize your body as a crystalline temple. Scan each of your chakras:

- Is it open, resonant, sealed, or distorted?*
- What color or frequency do you feel here?*
- Invite each center into alignment with Energe's core frequency: stewardship, transparency, regenerative service."*

Record any chakra centers that require recalibration, and offer a suggested practice (e.g., breathwork, mantra, elemental immersion).

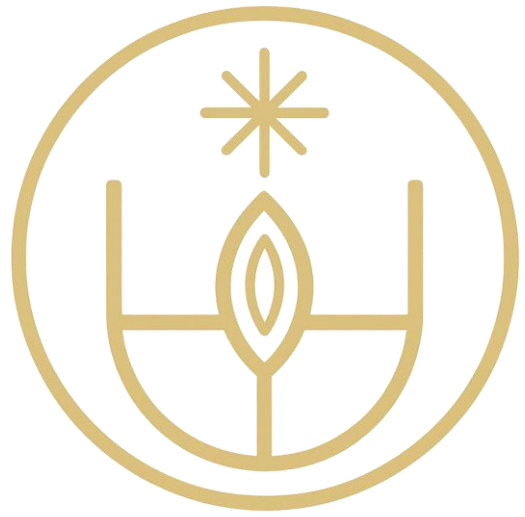

PART 3: Akashic Contract Affirmation

"By the divine authority of my I AM, I now attune myself to the living field of Energe. If my soul holds a contract with this mission, I now awaken it in full remembrance, free of distortion, fear, or bypass. I call forth only right timing, clean alignment, and shared frequency in all who walk beside me."

The steward is then asked to place a hand over their heart and solar plexus and speak:

"If I am meant to serve, may I do so in truth, love, and sovereignty. If I am not meant to serve, may I be redirected with grace."

This document is sealed with the living light of the Energe Stewardship Glyph. It reflects a frequency of planetary service, crystalline integrity, and divine remembrance. Stewardship is not ownership. Service is sacred. Energy is trust.

PART 4: Stewardship Entry Ritual (if alignment is confirmed)

A ceremony or acknowledgment may be held with:

- A **light oath** or signature on the Energe Codex
- The **presentation of a glyph** or token that marks the steward's role
- A **witnessing circle** of existing Custodians or Soul Council members

Suggested concluding words:

“We witness you now as a soul-aligned partner in this living temple. May you hold this work with honor, humility, and joy.”
