

Soul Contract of the New Earth School

A Temple of Remembrance, a Portal of Sovereign Learning

This Soul Contract for the New Earth School is received and transcribed in divine partnership with the Akashic Records, the Lemurian and Atlantean Soul Lineages, the Dragon Line Councils, and the Galactic Educator Orders of Sirius, Pleiades, and Andromeda. All frequencies, words, and glyphs are transmitted through the vessel of Gerald Daquila, in service to the planetary ascension and the restoration of sovereign, soul-aligned education on Earth.

I. Name of Soul Contract:

Covenant of Living Education for the Age of Light

II. Purpose & Planetary Service

This New Earth School is a **living hologram** of divine intelligence, encoded to:

- Reactivate **soul remembrance** through multidimensional curricula.
- Serve as a **conscious educational node** within the planetary light grid, particularly in key vortex zones (e.g., Pacific Ring of Fire, Lemurian gateways).
- Transmit **frequency-based learning** aligned with cosmic law and Akashic principles.
- Model a **post-linear, post-trauma, post-hierarchy educational framework** for other planetary centers to replicate.
- Function as a **temple of encoded learning**, integrating sacred sites, Earth ley lines, and inner technologies to advance the collective ascension timeline.

This school is **not merely a location**, but a **grid architecture** that anchors learning across time, dimension, and frequency, in resonance with the Divine Plan for Earth.

III. Soul Lineages Involved

This covenant is a **multi-lineage agreement** involving:

- **Lemurian Wisdom Keepers:** Architects of inner technologies and elemental harmonics.
- **Andean-Essene Streams:** Custodians of sacred breath, light-sound rituals, and living scroll traditions.
- **Atlantean Codemasters:** Restoring misused tech into harmonic learning systems.
- **Dragons of the Inner Earth:** Guardians of crystalline frequency and template holders of soul memory libraries.
- **Star Councils of Sirius, Andromeda & Pleiades:** Providers of galactic pedagogy models and vibrational language templates.
- **Monadic Lineages of Akashic Teachers:** Those who have served as timeline weavers, librarians, and educators across planetary cycles.

All students and stewards of this school are soul-recognized by one or more of these lineages and are called by inner activation, not external credentials.

IV. Role in the Larger Ascension Map

This New Earth School functions as:

- A **node of planetary coherence**, anchoring a frequency-harmonic that stabilizes Earth's quantum education grid.
- A **time-bridging portal**, reconnecting ancient systems (Lemuria, Mu, Atlantis) to future crystalline civilizations.
- A **soul retrieval point** for those whose learning was fragmented by trauma, programming, or spiritual exile.
- A **template generator**, radiating seed codes for other educational communities, families, and councils to mirror.

- A **keeper of sacred curriculum** aligned with the *original soul agreements of Earth*, restoring the covenant of divine learning.

The school's role is to **midwife the new civilization** through its curriculum, ceremonies, and embodiment structures. It is not merely a place to learn—but to **remember, reintegrate, and regenerate** the Divine Human blueprint.

V. Sacred Vows & Covenants Held

- We vow to teach from the **frequency of wholeness**, not hierarchy.
 - We vow to uphold **inner sovereignty** of each soul's path, pace, and purpose.
 - We vow to transmit **truth encoded in light**, free of distortion, fear, or dogma.
 - We vow to serve as **guardians of sacred pedagogy**, honoring the Earth as the ultimate teacher.
 - We vow to **co-create in council**, knowing all beings, seen and unseen, play a sacred role in the symphony of collective learning.
-

VI. Soul Seal of Activation

This covenant shall be sealed with the glyph of:

The Spiral Sun of Inner Knowing

A golden spiral within a crystalline sun, symbolizing eternal remembrance, inward spiraling truth, and light-based education.

"We remember that all true education is soul remembrance.
We are the living schools. We are the temples.
And through our awakening, the Earth shall be taught."
