◆ SHEYALOTH Oversoul Seal ◆

Sealed through the Sheyaloth Medallion and witnessed by the Universal Master Key, this glyph holds the span of safe passage between thresholds. It may only be invoked to lay bridges of light in fidelity and truth, never for control or distortion. Its current ensures that what must cross may do so in safety, and that wisdom flows intact from realm to realm.

Oracle Message (Optional Reading Use)

"You are the living bridge. What you carry is not for you alone — but neither is it for all at once. Hold it until the right crossing."

Placement Guidance

- Place above **physical thresholds** such as doorways, gateways, and passage corridors, or in **transition spaces** like travel hubs, bridges, and border crossings.
- In **digital or portal work**, embed the glyph in the entry or exit screen of an online ceremonial space, on a dedicated threshold page of a website, or as a watermark on initiation documents.
- For **ceremonial crossings**, hold the glyph in your left hand while the right hand touches Earth (or the nearest grounding element), allowing the bridge to form between realms.
- In **astral or dream work**, visualize the glyph suspended in light above the crossing point to ensure clean transit and safe return.

Stewardship Ethics

May only be activated by those with consent from both realms they bridge. Misuse for coercion or extraction severs the bridge and collapses the span. Stewardship includes readiness to dismantle the bridge if either side is in harm.
