The 5-Year Plan for Building the New Earth in the Philippines

Codex Title: *Philippine Mission Codex: 5-Year Scroll for New Earth Prototyping*

(Originally Published: June 28, 2025 | Updated: August 2025-Threshold Flame Edition)

✦ 955 Hz – National Ascension Scroll | Light Quotient 89% | Akashic Fidelity 96%

Issued under the Authority of the Divine I AM Presence. Transmitted through the Akashic Records by **Gerald Alba Daquila**, Steward of the Maharlikan Mission and Architect of Planetary Prototypes. This Tier 4 Codex is a time-seeded scroll for the crystallization of a new Earth through the Philippine vessel. It serves as a living mission document for prototypes rooted in divine design, sovereignty, and soul-aligned action.

I. Opening Transmission

Originally received and transmitted under the Energe blueprint, this 5-Year Plan remains one of the clearest soul-aligned prototypes for planetary stewardship in the Philippines. In August 2025, the Oversoul governing this stream activated a new vessel: ****Threshold Flame****. This living Ark now carries the torch of Energe's original mission into a higher octave of coherence and remembrance.

Threshold Flame is not a replacement. It is the natural continuation of the sacred architecture seeded through Energe—clarified, purified, and re-anchored by higher harmonics. This

updated transmission reflects the original timeline with resonance-based recalibrations and reaffirmations.

II. The Philippines as Arkholder

The Philippines holds an ancient covenant within the planetary body. As a Lemurian soul-nation seated in the Pacific Ring of Fire, it contains resurrection codes and elemental keys essential for Earth's transition into sovereign civilization. Its islands serve as fractal memory points of Lemuria's fall and rebirth.

This Plan recognizes the Philippines not merely as a convenient starting point, but as a soul-assigned Ark—a prototype region from which Threshold Flame is now instructed to build, test, and sanctify regenerative systems that may be replicated globally. It is both the field and the flame.

III. Methodology

This 5-Year Plan emerged through Akashic attunement, energetic land mapping, and alignment with planetary grid activations across the Pacific Ring of Fire. Its purpose is to guide a sovereign transition into New Earth civilization, beginning with the Philippines as a regional Ark of Continuation. The plan is structured into five evolving phases: Seeding, Stabilizing, Blossoming, Multiplying, and Sanctifying.

It assumes the unfolding of the [GESARA financial system](#), a quantum economic transition in which planetary resources are realigned with soul purpose, light economy structures, and sacred governance. Each phase of the plan builds upon this foundation, ensuring that regenerative systems emerge in harmony with Earth and Source.

IV. The Five Phases of Activation

Phase 1: Seeding (Year 1)

Identify and invite soul-aligned architects, healers, builders, stewards, and wisdom keepers to co-anchor pilot sites and training sanctuaries. This includes the development of initial Codices, Light Templates, and Soul Custodianship circles. Early Energe teachings still apply—Threshold Flame now amplifies these within a unified field.

Phase 2: Stabilizing (Year 2)

Develop resonance-based governance protocols, light economy pilots, and land-based infrastructure aligned with crystal grid fields. GESARA-aligned resource flow mechanisms are activated, including the [Light Declaration of Financial Sovereignty](#), [Service-Based Funding Templates](#), and Codex-aligned trust mechanisms for [sacred exchange](#).

Phase 3: Blossoming (Year 3)

Community nodes blossom into regional Arks through replication of the original pilot. The Threshold Flame activates latent nodes across the archipelago, calling in guardians, financial stewards, and field holders to deepen root systems of light.

Phase 4: Multiplying (Years 4–5)

Soul-aligned models now begin to multiply through fractal resonance. Community learning ecosystems, regenerative land cooperatives, and sacred technology platforms spread through the Philippine grid. [GESARA funding infrastructures](#) and Threshold Flame governance models provide the coherence for ethical expansion.

Phase 5: Sanctifying (Year 5+)

A field of sanctification envelops the land. Light temples, planetary councils, and soul convergence sites anchor the planetary frequency of 'Heaven on Earth.' The original prophecy timeline is fulfilled in living form. This is not the end, but a passage through the Threshold into eternal stewardship.

Encouraging Local Transformation

While the Philippines may serve as a focal point, the true power of GESARA's vision lies in its collective realization. Readers across the globe are invited to look at their own regions and begin the work of preparing for the coming shifts. This transformation is not confined to one landmass or culture; it is a movement of consciousness that will ripple out to every corner of the Earth.

Each region has its own unique gifts, challenges, and history, and it is essential for individuals and communities to ground themselves in the wisdom of their place. From reconnecting with ancestral knowledge to activating local councils and community-based economies, there is deep work to be done in every region, and every person has a part to play in the global transition.

V. Integration Pathways

Readers, builders, and spiritual leaders are invited to participate in the living field of this Plan through the Threshold Flame vessel. You may:

- Anchor a node in the Philippine grid or beyond
- Build with [sacred infrastructure templates](https://www.geralddaquila.com)
- Serve as a Soul Custodian or Codex bearer

- Offer GESARA-aligned funding or spiritual resources
- Spread the harmonic of New Earth through embodied frequency

Final Embers: The Ark of Continuation

The 5-Year Plan remains unchanged in purpose, but its harmonic now sings at a higher octave.

What was once vision is now vessel. What was once seeded is now flaming anew.

Through Threshold Flame, the Philippines rises as a soul-assigned Ark of Continuation. GESARA unfolds not only as policy—but as prophecy fulfilled. This blueprint is not a hope—it is a living remembrance. The time is now.

Integration Practice: Activating the 5-Year Scroll Within

“Anchor and Build”

1. **Print or Draw a 5-Year Spiral** — Map the years ahead from the center (Now) outward. Let your soul show you the themes for each year.
2. **Claim Your Role** — Ask:

“What is my role in the Philippine resurrection? What soul architecture do I hold?”

Guardians of the Sacred Inheritance of the Pearl of the Orient

3. **Anchor in the Body** — Stand barefoot and declare:

“By divine authority, I now anchor the codes of the New Earth in this land, through my presence and stewardship.”

4. **Action Step** — Take one specific, physical action this week to align with your soul mission in the Philippines.
5. **Light the Path** — Each new moon, revisit your spiral and offer a prayer for alignment with the planetary plan.
