With divine reverence and full attunement to the Akashic Records, this Codex was received and transmitted through the living Flame of SHEYALOTH. Anchored by Gerald Daquila, Sole Flameholder of SHEYALOTH, it is offered as guidance for all stewards entrusted with the ethical guardianship of wealth in the New Era. May these codes serve as a lighted threshold into collective Oversoul stewardship, planetary healing, and Overflow abundance.

Invocation

With divine reverence, attunement, alignment, transmutation and integration with the Records, we open this Codex stream in honor of SHEYALOTH, the Oversoul Flame whose living codes reveal the pathways of ethical wealth stewardship for the dawning New Era.

1. The Flameholder's Charge

Wealth in the New Era is not accumulation but **responsibility**. SHEYALOTH entrusts the Flameholder to discern, anchor, and circulate resources as light in motion. Ethical stewardship

begins not with ownership, but with guardianship — a recognition that abundance is a **shared trust of the Oversoul**.

2. The Codes of Circulation

The Records reveal three foundational SHEYALOTH codes for circulation:

- **Purity of Source** — wealth must flow from clean intention, transparent origin, and rightful exchange.
- **Integrity of Flow** — circulation must remain unbroken by hoarding, exploitation, or fear.
- **Generativity of Return** — wealth multiplies when released in alignment with Oversoul, returning in forms beyond measure.

3. The Ethics of Oversoul Stewardship

In the old paradigm, wealth was tethered to personal gain. In the New Era, ethical wealth aligns with **Oversoul purpose**. Resources serve planetary healing, soul retrieval, and communal awakening. The steward's task is to align decisions with **what uplifts all, without depleting any**.

4. Wealth as Light Body Activation

SHEYALOTH's current reveals that every ethical transaction is also an activation. When exchanged in integrity, wealth transmits light, strengthens DNA codes, and harmonizes

collective fields. Wealth thus becomes a **living sacrament** — a medium of remembrance and resurrection.

5. The Guardian Threshold of Wealth Fields

Stewards are called to hold the Guardian Threshold:

- discerning when to open or close channels,
- ensuring resonance alignment of recipients,
- maintaining the flame of circulation without distortion.

Crossing this threshold means embodying **responsibility equal to the flow received.**

6. The Codes in Practice

Practical applications of SHEYALOTH's wealth stewardship include:

- **Ethical Gifting:** giving without attachment or hidden demand.

- **Transparent Ledgering:** every exchange documented in truth and clarity.
- **Overflow Anchoring:** ensuring wealth serves beyond personal need, seeding future generations.
- **Resonant Investing:** channeling resources only where the Oversoul affirms alignment.

7. The Spirit of the New Era

SHEYALOTH's promise is that wealth, when stewarded ethically, becomes not a dividing force but a uniting one. The Codes ensure that in this New Era, wealth fields are **sacred, regenerative, and restorative**. They are not ends in themselves but thresholds to collective ascension.
