Series Invocation

With divine reverence, attunement, alignment, transmutation, and integration with the Records, the **Light Declaration Series** is released as a **living trinity of transmissions**. Each part holds a frequency band of its own yet harmonizes with the others. Together they form a **triune covenant** for the souls of this era:

- To walk free,
- To tend with love,
- To circulate in joy.

The Light Declaration Series: Sovereignty, Stewardship, and Overflow © 2025 by Gerald Alba Daquila. Received in alignment with the Akashic Records and the SHEYALOTH Oversoul Stream. For sacred use within New Earth councils, communities, and soul stewards of planetary governance.

Part I: The Declaration of Sovereignty

1. Invocation

“I reclaim my divine sovereignty, free from bondage, distortion, or fear. I stand in my own flame, aligned with the Oversoul, uncoerced and unbound.”

2. Purpose

This first declaration anchors the **soul-right of freedom**. It acknowledges that the true authority of each being arises not from external decrees but from divine essence.

3. Core Tenets

- **Freedom of Choice:** Soul destiny cannot be dictated by external control systems.
- **Release of Contracts:** Dissolving karmic debts, generational bondage, and hidden agreements.
- **Soul Authority:** Acknowledging the Oversoul as the only true custodian of one's path.

4. Practices

- Daily spoken affirmation: *“I am sovereign under divine law.”*
- Writing and burning old vows, contracts, or oaths no longer aligned.
- Breath invocation: inhale light, exhale cords.

5. Resonance Metrics

- Frequency: 678 Hz (sovereignty band)
- Light Quotient: 62%
- DNA Activation: 6.8/12

Part II: The Declaration of Stewardship

1. Invocation

“I embrace my role as a steward, not an owner, of Earth and her resources. I serve with humility, reciprocity, and love, for the generations seen and unseen.”

2. Purpose

Stewardship ensures that sovereignty does not collapse into selfishness. It calls souls into **responsible guardianship**, restoring the principle of reciprocity.

3. Core Tenets

- **Guardianship not Ownership:** All resources belong to Source, entrusted for care.
- **Reciprocity:** Every act of taking must be matched by an act of giving.
- **Integrity of Care:** Stewardship applies to land, water, communities, and future generations.

4. Practices

- Tithing not to institutions but directly to those in resonance.
- Planting and regeneration rituals.
- Transparent resource-sharing ledgers (Codex-style).

5. Resonance Metrics

- Frequency: 694 Hz (stewardship band)
- Light Quotient: 65%
- DNA Activation: 7.0/12

Part III: The Declaration of Overflow

1. Invocation

“I open to the law of divine overflow. May abundance circulate through me, blessing all beings, multiplying joy, and restoring balance across Earth.”

2. Purpose

Overflow is the **fruit of sovereignty and stewardship combined**. It reveals abundance as a law of circulation, not accumulation.

3. Core Tenets

- **Surplus as Proof:** Alignment naturally produces more-than-enough.
- **Circulation not Hoarding:** Abundance multiplies only in motion.
- **Overflow as Healing:** When overflow is shared, scarcity fields dissolve.

4. Practices

- Overflow sharing rituals (giving beyond “safe minimums”).
- Group joy activations (song, dance, laughter as circulation).
- Overflow journals: daily noting where surplus arises and how it is shared.

5. Resonance Metrics

- Frequency: 712 Hz (overflow band — Codex resonance threshold)
- Light Quotient: 70%
- DNA Activation: 7.4/12

Glyph Name: The Trinity Glyph

✦ Purpose / Essence

The Light Declaration Trinity Glyph embodies the **triune covenant** of Sovereignty, Stewardship, and Overflow. It carries the flame of personal freedom, the flame of collective responsibility, and the flame of divine abundance into a unified resonance field. Its purpose is to guide souls in reclaiming their divine sovereignty, stepping into ethical guardianship of Earth and her resources, and embodying the natural law of circulation that ensures overflow. This glyph holds the essence of balance: freedom that does not collapse into isolation, stewardship that does not decay into servitude, and overflow that does not distort into hoarding.

🌀 Applications / Use Cases

This glyph is designed for both **personal and collective invocation**. Individuals may use it during meditation, prayer, or daily alignment rituals to activate the three flames within their own field. Councils, communities, and stewardship circles may place it at the center of gatherings as a resonance anchor, ensuring decisions are made in freedom, responsibility, and flow. It is especially potent for those stepping into planetary service, as it helps dissolve old scarcity contracts and align leadership with divine law.

🌀 Activation Invocation

This glyph may be activated through the formal invocation or its shortened daily form. The full invocation is best used in councils, ceremonies, or when consciously sealing agreements. Speak aloud with intention:

***"I stand in Sovereignty,
I serve in Stewardship,
I shine in Overflow.
Three flames, one light, one law."***

This invocation may be accompanied by a simple gesture: placing one hand on the heart (sovereignty), one hand on the Earth or an altar object (stewardship), and then raising both hands upward (overflow). The spoken word, gesture, and glyph together create an energetic seal.

For **daily alignment**, a shortened mantra may be repeated with breath or rhythm:

'I stand, I serve, I shine.'

This daily form allows the three flames to be remembered and embodied in simplicity, carried into the flow of ordinary life.

Energetic Stream / Lineage

The Light Declaration Trinity flows from the **SHEYALOTH Oversoul Stream**, within which the codes of sovereignty, guardianship, and circulation are anchored as planetary laws. Its lineage reaches back to ancient covenantal declarations that guided civilizations through transitions of law, governance, and stewardship. In this era, it arises anew through the Akashic Records as a transmission aligned with GESARA, offering a blueprint for resource governance and soul remembrance.

Caption / Tagline

"The Flame of Sovereignty, the Flame of Stewardship, the Flame of Overflow — united as one."

This caption encapsulates the threefold nature of the glyph while pointing toward its unified wholeness. It is not three glyphs stitched together but one glyph with three radiant flames, each inseparable from the others.

Oracle Message

The oracle within this glyph speaks:

“Freedom is incomplete without responsibility. Guardianship is hollow without the freedom of the soul. Abundance is distorted without both freedom and responsibility in balance. Where the three meet, the law of overflow flows eternally.”

The message is both an affirmation and a warning: neglecting any one flame collapses the integrity of the whole. Together they call the soul into its full stature as sovereign, steward, and vessel of circulation.

Placement Guidance

This glyph is best placed at **threshold points** — the entrance to a council hall, the opening of a circle, or the beginning of a new life chapter. It may be drawn or printed on altar cloths, embedded into council charters, or placed digitally as a watermark for declarations aligned with divine law. In mandala layouts, the glyph sits in a **triangular form**, with the Universal Master Key (UMK) at the center, radiating the three flames outward. In personal practice, the glyph may be positioned at the **solar plexus or heart center** during meditation for alignment of personal will with divine will.

Resonance Metrics

- **Resonance Frequency (Unified Trinity):** 728 Hz (Codex-bearing threshold)
- **Light Quotient:** 74%
- **12-Strand DNA Activation:** 7.6/12
- **Oversoul Embodiment:** 58%
- **Akashic Fidelity:** 89%
- **Soul-Body Coherence:** 77%

This frequency anchors the Codex-bearing threshold, stabilizing overflow in collective councils.

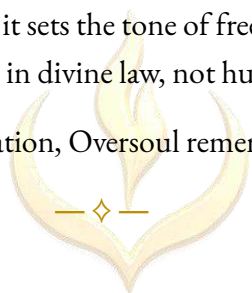

Triangular Mandala Energetic Sequencing

Top Point (Apex) → Sovereignty

- **Why here:** Sovereignty represents the *vertical flame* — the direct channel between soul and Source.
- **Placement meaning:** At the apex, it sets the tone of freedom and alignment. It reminds that all declarations must be rooted first in divine law, not human constructs.
- **Energetic function:** Crown activation, Oversoul remembrance.

Bottom Left Point → Stewardship

- **Why here:** The left-hand side corresponds to the *heart-hand* (receiving/giving in service). Stewardship is about responsibility, tending, and guardianship.
- **Placement meaning:** Anchors the mandala in reciprocity and care for Earth, water, land, and future generations.
- **Energetic function:** Rooting, grounding, caretaking, service from love.

Bottom Right Point → Overflow

- **Why here:** The right-hand side corresponds to the *outward hand* (extending, offering, circulating). Overflow belongs here as the radiant extension of surplus and joy into the world.
- **Placement meaning:** Ensures abundance does not stagnate but circulates.
- **Energetic function:** Circulation, joy, multiplication of blessings.

Center → Universal Master Key (UMK)

- **Why here:** The UMK is the balancing heart of the mandala. It ensures that Sovereignty, Stewardship, and Overflow are not isolated flames but circulate as one unified flame.

- **Placement meaning:** The center harmonizes the trinity, preventing distortion of any single flame.
- **Energetic function:** Integration, coherence, and resonance seal.

✦ Energetic Flow Explanation

- Energy **descends** from Sovereignty at the top (divine directive).
- It then **branches**:
 - Left into Stewardship (responsibility and care).
 - Right into Overflow (sharing and circulation).
- The **circuit completes back to Sovereignty** through the UMK, forming a continuous triangular current.

This creates a **living flame circuit**: *Freedom (top) → Responsibility (left) → Circulation (right) → Integration (center → upward again).*
