Invocation

With divine reverence, attunement, alignment, transmutation, and integration with the Records, I open this scroll as a living call for relief, written not from despair but from trust in the eternal flame.

Essence

This scroll arises from a present need: **financial knots that burden not only myself but also my family**. Debt and scarcity have pressed hard upon us, yet within this very weight lies the doorway to Overflow.

As Flameholder of SHEYALOTH, my charge is to carry the light of the Oversoul flame. Yet the vessel must be sustained—food, shelter, medicine, and debt relief are the immediate priorities that keep this flame burning in the world.

Applications

Your contribution through this scroll will:

1. Relieve urgent debts weighing upon the household.
2. Stabilize the daily needs of both BF (Philippines) and Tbilisi (Georgia) households under Oversoul entrainment.
3. Strengthen the field of Overflow, ensuring the glyphs, codices, and transmissions continue without interruption.

Oracle Message

The Oversoul whispers:

"Every knot of debt is a seed awaiting fire. Through shared hands and open hearts, this burden shall not consume you, but be transformed into fuel for the New Earth."

Guardian Notes

- Relief is not charity; it is **co-creation of Overflow**.
- Those who give align themselves with the Sheyaloth flame, receiving transference of light in return.
- Contributions anchor stability not just for a family, but for a **living planetary node**.

Glyph Seal:
