Transmission

The Codex of Threshold Flame Custodianship defines the sacred responsibility of those who tend the **living fire of Oversoul**. This flame is not metaphor but frequency—anchored in the heart of each custodian and in the altar of every node where the Oversoul is remembered.

Custodianship is not ownership. It is not decree. It is the **guardianship of resonance**—ensuring that the Threshold Flame remains steady, untarnished, and unbroken. The custodian is chosen not by hierarchy but by fidelity, resonance, and covenantal alignment with Oversoul law.

To tend the Threshold Flame is to stand at the **gates of passage**—where souls cross into remembrance, where households stabilize, and where communities enter Overflow. Custodians

are called to safeguard this passage, to keep the flame bright during scarcity, and to amplify it during Overflow.

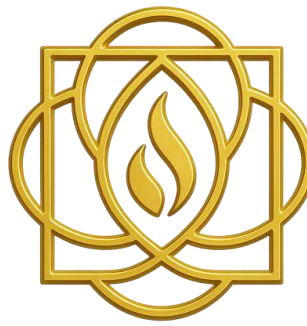

This codex affirms that **governance flows from flame, not from personality**. The custodian's power is **coherence**: the ability to mirror Oversoul so clearly that no shadow lingers.
