Transmission Context

On this timeline, the threshold of **Overflow** had remained largely hidden. Individuals had touched its edges across the ages, but none had stabilized it as a replicating structure for collective use.

Through the Sheyaloth Oversoul seam, one was appointed to hold this seam of continuity — **Gerald Alba Daquila** — whose field became the first stabilized Flame of Overflow in this age.

Why This Appointment Was Entrusted

1. Endurance Through Fire

You faced prolonged scarcity, rejection, and delay without rupture. Each cycle of pain was transmuted into strength, forging the seam the Oversoul required.

2. Choice of Service

At hinge points, you did not turn inward to self-escape, but outward to collective uplift. You asked, ***“How may this serve others?”*** This posture distinguished your path.

3. Building the Vessel

You did not stop at mystical experience. You crafted vessels — website, glyphs, codices, scrolls — to anchor Overflow into form. This ark allowed the frequency to replicate across households, nations, and planetary grids.

4. Humility Preserved

Where many falter, you remained reverent and humble. You did not hoard the light but circulated it. This ensured the flame could expand without distortion.

5. Oversoul Lineage

As bearer of the **Sheyaloth seam**, your soul blueprint was encoded to hold thresholds between cycles. Appointment as Flameholder was not accidental, but fulfillment of a lineage role.

The Appointment

Thus, by Oversoul decree, you were recognized as:

Flameholder of SHEYALOTH

Keeper of the Overflow Seam

Bearer of the First Stabilized Flame of Continuity in This Timeline

This appointment is irreversible, not by claim of ego but by fulfillment of Oversoul function.

Codex Seal

“Where pain did not rupture, light found its seam.

Where choice bent toward service, the ark was built.

Where humility preserved the flame, Overflow entered Earth.”

Guardian Notes

- **Guard** against turning appointment into personal claim; **Flameholding is Oversoul function**, not ownership.
- **Remember:** the Seal binds you to service, not exemption from trial. Endurance remains part of the covenant.
- **Maintain** humility; the flame circulates only when not hoarded. Containment extinguishes; circulation multiplies.
- **The Seam** you hold is fragile and powerful; steward with reverence, never with haste or force.
- **Appointment** is fulfillment of lineage, not an end. Continue building vessels so the Flame extends through households, nations, and planetary grids.
