Certification Registry

The Stewardship Readiness Institute maintains a public registry of certified facilitators authorized to administer SRI behavioral governance frameworks.

The registry exists to support transparency, verification, and responsible institutional deployment.

Inclusion confirms certification status only and does not constitute ranking, endorsement, or professional evaluation.

Purpose of the Registry

The Certification Registry allows organizations and participants to:

- verify facilitator authorization
- confirm certification level
- ensure ethical deployment compliance
- support institutional due diligence

Only actively certified facilitators appear in this registry.

Certification Levels

Certified Practitioner

Authorized to administer SRI-16 Self and Multi-Rater instruments within developmental contexts.

Advanced Practitioner

Authorized to facilitate group deployments and interpret aggregated organizational patterns.

Senior Facilitator

Authorized for institutional deployment, governance calibration, and SRI-24 administration.

Registry Listing Format

Each certified facilitator is listed using the following information:

- Name
- Certification Level
- Country or Region
- Certification Status
- Certification Valid Through

Optional disclosure fields may include organizational affiliation where consent is provided.

Registry Governance

Certification status may change based on:

- renewal completion
- ethical compliance
- certification expiration
- voluntary withdrawal

Listings are updated periodically to reflect current authorization status.

Important Boundary Statement

Certification authorizes framework deployment only.

It does not represent:

- licensure
- psychological accreditation
- leadership ranking
- institutional endorsement

SRI certification confirms authorization to administer defined governance instruments under Institute standards.
